

Mag Hume (Magnesium)

Mag Hume is designed to prevent and correct pre-existing Magnesium deficiencies as indicated by plant leaf and soil testing or when visually seen. There may be plenty of micro nutrients in the soil and may show high on the soil analysis, but is not always available for the plant to pick up because of a soil balance problem. In high pH (alkaline) soils, Some Micro Nutrients are less likely to become available for the roots to pick up, than in lower pH (acid) soils and vice versa in lower pH soils.

The ingredients in **Mag Hume** are 100% water soluble and manufactured using an **ORGANIC** (sugar) based chelating agent . It is immediately available to the plant (via Foliar application) therefore making this product extremely efficient for the plant to pick up in situations where a rapid response is desired.

Application Instructions		
Application	Rate Per 1000sq.ft	Frequency
All types of warm and cool season grasses	3-6 ounces	Apply every 14-21 days
House Plants & Gardens (Foliar spray)	1 Tablespoon per quart of water (Apply a light mist to leaves until point of runoff)	Apply as needed

To ensure compatibility with foreign products, a jar compatibility test is recommended. Always fill tank with water first, then add product while tank is circulating. NEVER MIX CONCENTRATES DIRECTLY TOGETHER

<p>Guaranteed Analysis:</p> <p>Liquid Humic/Fulvic Acid.....7.00% Chelated Magnesium (Mg).....4.00%</p> <p>Derived From: Magnesium Glucoheptonate, Leonardite Shale.</p> <p>Benefits of Use: Enhance turf color Immediately Available to the plant</p> <p>Problem Condition: Magnesium nutrient deficiency.</p>

<p>Physical Properties: Weight per gallon.....10.20 lbs. Ph7.5</p> <p>Appearance and Odor: Dark brown liquid, sweet odor.</p> <p>Storage: Store between 41°F and 77°F, do not expose to direct sunlight for long periods of time. AVOID FREEZING!</p> <p>Container Size: 2.5, 30, 55, 275 gal.</p> <p>Disclaimer: It is not recommended to use this product with fungicides and pesticides, it's the users responsibility to conduct all trial test.</p> <p>Caution: Keep out of reach of children. Harmful if swallowed. Avoid contact with eyes, skin and clothing. If on skin wash with soap and water. If in eyes, rinse repeat ably with water.</p>
