

# Super Fish Emulsion

## OCIA ORGANIC

**SUPER FISH EMULSION**(TM0 is derived from Ocean Fish that feed on Mineral-Rich Plankton which in turn results is **SUPER FISH EMULSION** containing essential trace minerals and Macro and Micronutrients. With these important elements is a guaranteed analysis of 5-1-1, giving it an excellent source of organic Nitrogen. **SUPER FISH EMULSION** is the highest quality Hydrolyzed Fish solubles available to agriculture today. This is a very rich source of essential trace and major elements. There are over 40 minerals, vitamins, and amino acids contained in **SUPER FISH EMULSION**. Some of the elements found just to name a few are Iron, Boron, Zinc, calcium, manganese, Vitamins B1, B2 plus many more.

**SUPER FISH EMULSION** is an all-natural and highly efficient nutrient source that can be used as an excellent alternative to synthetic fertilizers. Our **SUPER FISH EMULSION** is obtained by mechanical extraction and mixing of whole fish, not just fish byproducts. It is then reduced to 52% solid by evaporation rather than by the use of chemicals. Thus it is absolutely pure containing no formaldehyde.

Application Instructions		
Application	Rate Per 1000sq.ft	Frequency
All types of warm and cool season grasses	3-6 ounces	Apply every 14-21 days
House Plants & Gardens (Foliar spray)	1 Tablespoon per quart of water (Apply a light mist to leaves until point of runoff)	Apply as needed

To ensure compatibility with foreign products, a jar compatibility test is recommended. Always fill tank with water first, then add product while tank is circulating. NEVER MIX CONCENTRATES DIRECTLY TOGETHER
